

Azure Ready? Set. Go

Before you start running, let's walk through your plan to ensure a seamless migration to Azure.

Macquarie Cloud Services' **Azure Discover** assessment answers all your unanswered questions to get set with confidence and clarity.

Exclusively Microsoft
Azure Focused

No matter where you are on your Azure Journey we're here to help.

The **Azure Discover** assessment offers a comprehensive plan for the assessment of your target estate and will extract results in an insightful dashboard. We'll do all the leg work so you can make the best migration decisions, with curated insights and detailed, personalised recommendations.

Ready?

Azure Discover

Start your journey by utilising this complimentary in-depth engagement to get sight of what your target estate will look like, by determining the ideal Azure service mix and architecture. Let us design your Azure Landing Zone and prepare an initial migration plan that covers risks and dependencies.

Set.

Azure Optimise

You've already made the move to Azure. Now it's time to Optimise – our Azure Optimise program could help you save on average 26% of your monthly bill* – just ask us how.

*The average Azure cost saving across all Optimise engagements between July 2019 to October 2020

Go.

Azure Managed

You're in, optimised and on the go. Our Azure Managed service can elevate your run-state and offer peace of mind for the long run.

Cloud-native operations is what we do, so you can keep going with everything else, knowing we have Azure Managed.

Let us design your Azure Landing Zone and prepare an initial migration plan that covers risks and dependencies.

Through your **FREE Discovery Assessment**, we'll explore:

- Compatibility, dependencies and service mapping
- What your target environment will look like on Azure
- Hybrid touch points and network requirements
- Migration effort and Day 1 Operational costs.

...and more!

We'll present you with a comprehensive Migration Plan, Discovery Assessment, and customised Azure Landing Zone Design, as well as providing actionable recommendations with clear next steps, accelerating your move to Azure with confidence!

Have greater control of your cloud and your economy.
