Research shows that only 35% of customers are achieving the full benefits of their cloud platform. Our Macquarie Lens engagement is a fully customised audit that will analyse your Azure services architecture, including detailed insights across all Azure services, policies, risk exposure and best practices specific to true Azure cloud-native operations.

We've streamlined the process so you receive insights faster:

Step 1

Get started via the Macquarie Lens portal

Step 2

Select the Azure subscriptions for review

Step 3

Connectivity to CloudHealth established

Step 4

Receive initial insights after just 7 days

Step 5

A Principal Consultant begins analysis of findings

Step 6

Receive your curated insights via a guided session with the Principal Consultant

Through our free comprehensive audit we'll show you:

- Where there could be hidden savings
- If your Azure setup aligns to industry best practices
- Your resilience and Disaster Recovery preparedness
- Your security, compliance and governance
- If you can evolve into more advanced services for real advantages
- How you're embracing Azure's operational advantages...and more!

Mature your usage of Azure and save money through tailored insights and guidance from Australia's No#1 'Azure only' managed Services provider.

Macquarie Lens from Macquarie Cloud Services is here to help you get the most out of your Azure investments.
